TENDER

for

Supply of complete BIPV assembly for facade

Tender Number: 10057568

Date: 13.10.2026

Brief Tender Notification

Particulars	**Description**
Purpose of Tender	**Supply of complete BIPV assembly for facade**
Tender reference number	**10057568**
Date of tender announcement	13th Oct'2026
Last date to submit pre-bid queries by the interested bidders	**22nd Oct'2026**
Last date to provide clarification to the queries. All the queries will be answered in the form of (Frequently asked question) FAQ and will be uploaded on the respective web portal.	**26th Oct'2026**
Last Date and time for submission of bids	**10th Nov'2026**
Mode of Submission	Bids to be submitted via functional email id, as per the instructions given below.
Validity of Bids/ Offered Price	90 days from the last date of submission of bids i.e. The selected supplier will not be able to vary from their financial bid until the completion of the Order, if awarded by GIZ
Address for Bid Submission	The agency has to submit the proposal, on the following email id only. **qn_quotation@giz.de** The bidder must **NOT** submit the proposal on any other email id, else the bid will be rejected
Location of Performance	**Kerela**

Tender Notice

GIZ Country Office (India) is soliciting the bids from a qualified and experienced **companies** to submit proposals for supplying **complete BIPV solution consisting of BIPV panels and necessary metal structure to mount the same**. This system will be a pilot demonstration project at government owned building (CSIR-NIIST) in Trivandrum, India as per the terms and condition of tender documents.

Purpose of the Bid

The purpose of bid is to seek proposals from qualified companies to supply **complete BIPV solution consisting of BIPV panels and necessary metal structure to mount the same** on the HQ Building of CSIR-NIIST in Trivandrum. The detailed address and locations will be shared with the awardee.

Process of tender submission

The following documents are attached with the tender applications: -

1) Terms of Reference
2) Covering Letter- Annexure- A
3) Declaration Letter- Annexure- B
4) Price Submission – Annexure-C
5) Declaration Compliance with Embargoes – Annexure-D
6) Delivery Schedule – Annexure-E
7) Technical sheet – Annexure -F
8) Reference Drawings-Annexure G
9) General Terms & Conditions

Interested bidders are requested to carefully examine all documents and submit the entire tender proposal as instructed in above mentioned documents. Any deviation/ differentiation from the instruction will lead to disqualification of the tenderer from the bidding process.

The bid must reach to GIZ Country Office in digital/electronically **on or before 10th Nov'26** in the below mentioned address Only-

qn_quotation@giz.de

Please mark the subject line of your email as

"**hiring a qualified and experienced supplier for Supply of complete BIPV assembly for façade, RFQ Nr. 10057568**

Bids received in any other manner, i.e.- hard copies, fax or in any other email ID will be summarily rejected.

**We also request interested bidders to frequently check the web portal for receiving any latest OR revised information pertain to the above-mentioned tender. Information may be updated such as extension of bid submission dates, F.A.Q etc.*

Timelines;

a) The bidders must submit the queries on the below mentioned email id's –

Description	**Deadline**	**Email ID**	**Remarks**
Per-bid Queries from Bidders	**22nd Oct'26**	**Please send it to:** **sanjay.dhar@giz.de** **&** **swarup.mallik@giz.de** **Please do not send the queries on any other email ids**	**Please mention the subject line as – "QUERIES FOR TENDER** **hiring a qualified and experienced supplier for Supply of complete BIPV assembly for façade, RFQ Nr. 10057568** ***Pre-bid queries received after the deadline or sent to any other email id, apart from the given email ids will not be considered***
Clarifications given by GIZ	**26th Oct'26**		***The response will be prepared in form of FAQ and will be uploaded on respective web portals. Kindly keep visiting the respective web portals.*** ***Individual responses to queries shall not be given.***
Bid Submission deadline	**10th Nov'26**	**Please send the proposal only on the below email id:** **qn_quotation@giz.de**	***Bid should be sent only on* qn_quotation@giz.de *email id only,*** ***Bids sent on any other* email id/hard copy, will be disqualified.**

Bids sent to any other email ID, apart from qn_quotation@giz.de shall be immediately disqualified.

Please refrain from making any personal / telephonic / telefax contact about this tender to any personnel of GIZ India.

We look forward to receiving your offers.

TERMS OF REFERENCE

Background:

Building-Integrated Photovoltaics (BIPV) is recognised as potential innovative approaches for generating clean energy and support in India's sustainable energy future. The German Federal Ministry for Economic Cooperation and Development (BMZ) is funding a dedicated project under its Development Partnership with the Private Sector program (develoPPP). The Development Partnership with the Private Sector (develoPPP) project aims to establish scientific evidence, raise awareness, and build capacities of key stakeholders in the solar energy ecosystem and related fields. Hence, it plans to collaborate with diverse partners, many of whom have already demonstrated their commitment to the project.

Context:

India has committed to significantly boosting its renewable energy capacity to 500 GW by 2030 at COP26. With electricity demand projected to grow by nearly 5% annually until 2040 and an urgent need for climate change mitigation, scaling up innovative solar photovoltaic (PV) applications across the country is crucial. The Ministry of New and Renewable Energy has identified building-integrated photovoltaics (BIPV) and rail/road-integrated photovoltaics (RIPV) as key new and innovative solar applications for proliferation.

To support this objective, the German Federal Ministry for Economic Cooperation and Development (BMZ) is funding a project through its Development Partnership with the Private Sector (develoPPP) program. The project, implemented by Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ), partners with Ornate Agencies Private Limited (Ornate Solar) to facilitate the widespread adoption of BIPV and RIPV in India.

The project aims to achieve this by:

1. Setting up of demonstration projects of Building integrated PV technology in India across feasible sites.
2. Generating accessible scientific knowledge on the technical performance, economic viability, and environmental benefits of BIPV and RIPV in the Indian context.
3. Implementing comprehensive skill development programs to build a skilled workforce for these technologies.
4. Introducing supportive policy reforms and a regulatory framework through evidence-based advocacy.

Purpose of the Tender

GIZ India is seeking proposals to procure **complete BIPV solution consisting of BIPV panels and necessary metal structure to mount the same**. The combined solution with panel and structure will function as the demonstration project for the CSIR-NIIST HQ building in Trivandrum, India. In the current scenario, the BIPV ecosystem in India is not fully mature and developed. It is aimed that through the pilots which are planned on government owned infrastructure, it will help accelerate the exposure of this technology.

The technical specifications and requirements are as follows-

Detailed Scope of Work

The scope of work includes the **supply, packaging, transportation, and delivery** of the customized solution.

The Contractor shall carry out and complete the work under this contract in conformity with the contract documents, approved drawings, technical specifications, and directions of GIZ.

The scope includes:

Supply

- The secondary metal support frame in accordance with the engineering drawings and technical specifications provided in the **Annexure-G (attached separately as PDF)**.
- Supply of all structural members, brackets, connection plates, fasteners, anchor plates, and associated hardware required for the complete fabricated frame.
- Application of the specified corrosion protection treatment or surface finish as per Table 1.
- Supply of a set of BIPV panels 'MADE IN INDIA' of total capacity around 40kWp. The contractor must submit the GA drawing of the panels to GIZ for approval before supplying the panels.

  Detailed technical specifications in Table 1a and Table 1b are mentioned in subsequent pages.

The winning bidder shall be required to submit samples for judging finish of the module. The samples must be delivered to GIZ in Delhi.

The contractor shall:

- Review the drawings in **Annexure- G** and report any discrepancies prior to fabrication of the structure part. The winning bidder must conduct 1 site visit to verify correctness of provided drawings in **Annexure-G (attached separately as PDF).**
- Submit fabrication/shop drawings based on site visit, for approval before supplying.

- Submit material test certificates, and relevant quality documentation.
- Submit detailed product data sheets for the panels
- Submit Panel certifications pertaining to mandatory standards mentioned in **Table 2.**

Inspection

The selected bidder shall:

- Notify GIZ upon completion of fabrication of the structure
- Facilitate inspection by representatives of GIZ and Ornate Solar prior to dispatch.
- Rectify any deficiencies identified during inspection before shipment.

Transportation and Delivery

The contractor shall:

- Properly package all fabricated members to prevent damage during transportation.
- Transport the fabricated frame safely to the designated project site.
- Coordinate delivery schedule with GIZ.
- Unload and hand over the fabricated components at the designated storage location at site.

Other responsibilities:

- The selected bidder shall make available the required material as specified in **Table 1a** and **Table 1b** of the 'bill of materials and quantities' section.
- The detailed address and exact location of the site shall be shared with the winning bidder. The site is in Kerela, India.
- The selected bidder shall be responsible for overlooking and monitoring the installation process. The bidder is not expected to install but only required to be present on site periodically to ensure installation is done properly.
- The responsibility of transportation / loading / unloading / handing over to CSIR-NIIST, GIZ and Ornate Solar officials.
- At the shipment site, the selected bidder shall unpack the shipment in presence of CSIR-NIIST, GIZ and Ornate Solar officials take formal acceptance of material once quality is approved. The shipment must arrive in suitable form of packaging, which is safe for transportation. **It is the duty of the bidder to take measures to ensure safe transportation.**
- The supplier shall be required to provide technical support in terms of erecting the structure- to the designated agency who will install it on site.

The contract agreement **Supply of complete BIPV assembly for facade** will be executed between the awardee agency/ firm and GIZ. The terms & conditions incorporated therein shall be binding on the agency and valid for a period of **6 months.**

Liquidated Damages and Termination of Contract

Except because of force majeure, if the bidder fails to perform the scope of work, to the satisfaction of GIZ, within the time period specified in the delivery schedule or within the extended time period if any, GIZ shall without prejudice to its other remedies under the contract, deduct from the contract price as liquidated damage, a sum equivalent to 1% of the price of the un-performed work/ services for each week of delay until actual completion of work, up to a maximum deduction of 10%. Once the maximum is reached GIZ may consider termination of the contract.

Delivery of Material

The Bidder should note that it must furnish and agree with GIZ, the delivery of the material at the project site.

The equipment delivery must be coordinated with GIZ before the dispatch to the project site.

A. SPECIAL CONDITIONS

1. **Scope:** The scope of work to be carried out under this contract is illustrated in technical Specifications. The Contractor will carry out and complete the said work under this contract in every respect in conformity with the contract documents and with the direction of and to the satisfaction of the Owner's (GIZ is referred to as Owner) site representative. The contractor will furnish all labour, materials, and equipment (except those to be supplied by the owner) as listed under BOQ and specified otherwise, transportation and incidental necessary for supply, and commissioning of the complete system as described in the technical specifications and as listed in BOQ. This also includes any material, equipment, appliances, and incidental work not specifically mentioned herein or noted on the drawings/documents as being furnished or installed, but which are necessary and customary to be performed under this contract.
2. **Performance Guarantee:** The contractor will perform the work in accordance with the tender, technical drawings and specifications forming part of the contract. At the close of the work and before issue of final certificate of virtual completion, the contractor will furnish written performance guarantee against defective materials and workmanship for a period of **6 months** from date of delivery. The Contractor shall ensure that all materials supplied under this contract conform to the tender requirements, technical specifications, drawings and applicable standards. As this procurement is limited to the **supply of BIPV materials** and does not include installation, commissioning or BoS works, which will be undertaken separately by a contractor appointed by **CSIR-NIIST**, the Contractor's responsibility shall be limited to defects attributable to the supplied materials. The Contractor shall during this period, repair or replace, free of cost to the Owner/CSIR-NIIST, any material found to be defective or non-conforming. The six-month period is specified to ensure coverage during the anticipated period for completion of installation of the BIPV pilot. The Contractor shall

not be liable for defects or damage arising from improper storage, handling, installation, operation or maintenance by other parties.

3. **Materials & Equipment:** All materials and equipment will conform to the relevant Indian Standards and will be of the approved make and design. Contractor will be responsible for the safe custody of all materials and will insure them against theft or damage in handling or storage etc.
4. **Completion Certificate:** On completion, a certificate will be furnished by the Contractor countersigned by the supervisor, under whose direct supervision the handover of material was carried out.

B. BILL OF MATERIALS AND QUANTITIES

The technical details are described in the tables below:

Table 1a: Structure

Sr. No.	Items list	Description	Quantity
1	Primary structure	Primary Member connected to building, - 300x300x12 mm base plate, with 4 nos. of 16 mm dia hole , as shown in the drawing. Grouted HLTTI 14 mm dia chemical fastner. Total weight of plate above 15 kg per plate. All items to be zinc coated	96 Nos
2	Primary strucutre	Primary Horizontal/ Vertical box members of 80x40x3.2 mm. Each of 6 mt. Cut or extended as given in the drawing. Will be installed vertical & horizontal, and Welded with the base plate through angle clamp of 75 x 75 x 5 mm for detail refer drawings. All items to be zinc coated	58 Nos
3	Primary strucutre (south faced only)	MS Angle Clamp 100 x 150 x75 with a capcule Hole & MS NUT & BOLT M8x120 mm, to be created at at an angle specified in the drawing. to hold the vertical member 80x40x3.2 mm	70 Nos
4	Secondary structure horizontal	Alluminum section of 80x55x2 mm, Each of 6 mt, installed horizonally as per the size given in the drawing along with rubber gasket to rest the BIPV panel	55 Nos
5	Secondary structure clamping	Clamp pair of 85x45x6 mm machine screwed in the mild steel primary member and holding the horizontal alluminum section nut & bolted with M6x100 mm	660 Nos
6	Secondary structure Mounting track	Alluminum Secondary Vertical Members with track system of 58x38 mm and length of 1150 mm for detail refer drawing	340 Nos

Sr. No.	Items list	Description	Quantity
1	Coloured *Glass- Glass Solar Photovoltaic Module*	-The panels must be suitable to cover a total of 280sqmt (3012 sqft) of vertical area. -1200mm x 800mm (tolerance of '+/-'300mm on both sides) -RAL 6016 shade of glass - The junction box placement must be on the back of the panel and not on edges. The contractor must submit GA drawing before proceeding for supplying. - Thermally toughened, low iron glass. 4mm thick on both sides. The contractor must submit GA drawing before supplying.	300 Nos.
2	Sample modules	Small scale BIPV modules with junction box and wiring to be shared as samples good for small scale demonstration purpose. The winning bidder shall be required to submit samples for judging finish of the module. The samples must be delivered to GIZ in Delhi.	3 Nos.
7	Secondary structure BIPV clamp	BIPV Mounting clamp with the tighting screew and rubber gasket 40x38x 4mm	560 Nos
8	Secondary structure BIPV End clamp	BIPV Mounting clamp with the tighting screew and rubber gasket 32x38x 4mm	76 Nos

Table 2b: Solar modules

Note: All dimensions, quantities, material grades, fabrication details, finishes, and installation configurations shall be as specified in the engineering drawings and technical annexures accompanying this tender.

Table 2: Standards and specifications.

Solar PV Modules/Panels & Framework	
1	Resistance to corrosion IS 61701
2	Safety of façade glass standard. IS 16231 Part 4.
3	Electrical, mechanical and fire safety IS 61730 part 1&2

Notes:

- The bidder must prepare drawings and share for approval before supplying of structure and modules both.

Payment Terms

- 30% advance payment shall be paid against bank guarantee only. The bank guarantee shall be valid for a minimum period of 9 months from the date of signing of contract.
- 70% will be made after complete delivery and acceptance on-site
- If the agency cannot submit the Bank Guarantee, advance payment in that case cannot be released. And 100% payment will be made after complete delivery of goods and associated services/installations after issuance of acceptance certificate.

Submission of Bids:

The tender documents duly completed should be submitted with subject line on mail as - "**hiring a qualified and experienced supplier for Supply of complete BIPV assembly for façade, RFQ Nr. 10057568**

Technical Bid- Technical proposal (e-Folder) must include the below mentioned documents

1. The bidders must submit the detailed technical specifications (without prices in technical proposal) of the proposed supplies/equipment's. Bidders must submit detailed technical information/specifications on the template, provided with tender package.

2. **Merely attaching the company technical sheets or brochures of the proposed equipment's/supplies will be considered a technically incomplete proposal.**

   Bidders are required to provide detailed technical specifications for each item of equipment or supply, clearly demonstrating compliance with the minimum technical requirements outlined in Annexure C.

3. GIZ is proposed the minimum technical specifications/requirements as provided in excel sheets attached with tender package. The bidder must submit the bid for equivalent specifications or more.

4. The bids will be complete in all respects and the bidder will submit all the relevant documents as described under this tender. If required, GIZ may solicit in writing further information from the bidder. The bidders must quote for all the items. In case of partial quoting of items, the bid will be treated as incomplete and shall be rejected.

5. Bidders are requested to send the Technical and Commercial proposal in **separate attachments** (Technical & Financial) in pdf format, in a single mail/multiple emails along with all supporting documents in a compressed folder not exceeding file size of **20 MB** in total. Files/Folder more than 20 MB of size will not be delivered in the above-mentioned email ID's resulting in non-submission of the bids.

6. The bidders can submit the proposal(s)/zip folders either in one email or two emails, based on the file size/bandwidth of folders.

7. Uploading of bids is prohibited on open sources like **google drive, drop box etc**. bidders submitting their bids on these platforms shall be immediately **disqualified.**

8. Any claims of non-receipt of bids/pre-bid queries shall not be considered later in case the bidder fails to produce the delivery receipt of their bids/pre-bid queries sent to the quotation id.

9. In case the bid is not delivered in the **qn_quotation@giz.de** email, due to any technical glitch or for any other reasons, it would be entirely GIZ's discretion, whether to seek the bid again from the bidder or not, therefore it is imminent to keep read receipt or delivery receipt of all submission for reference.

Price Submission

a) The prices must be quoted using **Annexures F** provided with the tender package. The commercial proposal must be submitted on the company's official letterhead, duly signed and stamped by an authorized signatory, and accompanied by a covering letter that includes complete company details.

b) The price quoted should be exclusive of taxes (GST) and tax rate should be clearly indicated in separate column.

c) If there is no mention of taxes in the price bid, it will be presumed that your rate is inclusive of taxes.

d) The bidder must propose the quality, brand and equivalent to specifications of the equipments. The rates must be also quoted accordingly.

e) Any suggestions / options can be submitted on separate sheet, clearly indicating the suggested option.

f) The agency must quote for all the items/equipments/materials mentioned in the Financial format, partial/incomplete offers will not be evaluated/accepted.

g) The validity of the offers should be at least for 90 days from the date of deadline for submission of Bid.

The bidder has to include in his bid all costs associated with the (1) transportation, (2) packing and (3) delivering of all items to the consignees at the project locations mentioned in table 1 as specified within the final contract, including the auxiliary components and materials, (4) unloading and /(5) transporting of equipment from unloading place at end user/training institution. Packing and transportation may include any intermediate storage of equipment if necessary. Please note that the cost for package, and transportation must not exceed the project value and shall be paid on actuals.

The bidder may propose any additional works or components that are not included in Annexure F – Pricing template, which they consider essential for ensuring a functional, economical, reliable, and safe refrigeration system. Such proposals should be submitted as a separate document along with the core Technical-cum-Commercial Proposal.

Minimum Eligibility Criteria for participation in tender process

Apart from submitting the technical proposal, the bidders must also submit the following eligibility documents within the technical bid.

Note: The bidder has to submit the documentary evidence for all the below given criteria's, failing which bid may be rejected.

Table 3: Technical criteria

S. No.	Particular	Requirements & Documents to be attached
01	Company Registration	The agency must have a registered office in India submit a copy of company registration with the proposal/bid (Mandatory)
02	Financial status The agency must meet the average annual turnover of **EUR 30.000** in last two years	CA Certificate (Mandatory) Computation of Income Tax for last **2 FY** ((Mandatory) Audited P&L Account and Balance Sheet for last **2 F.Y including** UDIN no. of CA (Mandatory)
03	Client List	The company must provide client list of **1 small/ medium / large size companies in the past 01 years** having worked on supplying BIPV modules with mounting frame.
04	Working Experience	The company shall have experience of working in at least 1 projects in supplying BIPV modules with mounting frame.
05	Legal Status	Incorporation Certificate and /or other legal registration documents as per the nature of business (Mandatory)
06	PAN, TIN, GST	Copy of PAN, TIN and GST certificates (Mandatory)
07	Bank details	Copy of Cancelled cheque along with bank details (Mandatory)
08	Organizational Profile	Organisation may submit standard brochure/profile of the organization including the client list for reference purpose (Desirable)
09	References	Show at least **2 references projects** in last 5 years, of supplying BIPV modules with mounting frame, highlighting: -Location of project and client -Year of delivery -Capacity of Solar panel supplied -Technical specification of work done -Photographs of the work done(desirable)

10	Ecological and sustainable parameters (Desirable)	Organisation should briefly elaborate the business practices adopted towards the sustainability initiatives.
11	Declaration (Mandatory)	The company shall declare that no child labour is engaged in their organisation directly or indirectly (as per Annexure B)
12	Backlisting / Caution Listing (Mandatory)	Self-certification to the effect that the tenderer has not been blacklisted by any company or its contract has been terminated on account of poor performance (as per Annexure B)

Opening and Evaluation of Tenders

- The following Tenders will be **DISQUALIFIED:**
  - Bids/Proposals received after deadline of submission.
  - Bids/Proposals submitted by fax, email IDs except specified email address and in hard copy.
  - Bidders not meeting eligibility/commercial suitability.

- The Financial bids will be evaluated only in respect of those firms, which meet the eligiblity & technical bid criteria mentioned above by submitting all relevant documents and declaring child labour/blacklisting declaration.

- Based on the offers presented, the different proposals will be scored for excellence, and final selection will be made of the best of the offers by GIZ

- Any arithmetical error by the Bidder in Price Bid or in the additions or in carrying forward subtotals to the summary or to the Tender will be corrected during the evaluation of the Tenders. In such cases the Tender sum will be adjusted accordingly, and the Bidder will be informed. It will be assumed that the unit price rates entered in the Price Bid are correct.

- GIZ does neither bind himself to accept the lowest Tender or any Tender, nor will he be responsible or pay for expenses or losses, which may be incurred by any Bidder with the preparation of his Tender.

Cancellation of Tendering Action

- The Tendering Action can be cancelled, if.

  (a) No Tender has been received which corresponds to the Tender Conditions,
  (b) There have been substantial changes to the basis of the Tendering Action, or
  (c) There are other serious reasons for such a cancellation.
  (d) Bid submitted in Hard Copy

- The Bidders will be informed without delay of the cancellation of the Tendering Action by the GIZ or his authorized representative and of the reasons for the same.

- This tender notification does not entail any commitment on the part of GIZ, either financial or otherwise. GIZ reserves the right to accept or reject any or all proposals without incurring any obligation to inform the affected applicant/s of the grounds.

Cost incurred towards submitting the bids will in any case not be reimbursed/paid by GIZ.

Subject: Offer in response to RFQ Nr.10055486

Dear Sir/ Madam,

I/We the undersigned hereby offer to execute the scope of work and accordingly submit our offer in full compliance with terms & conditions of the bid.

The bid is being submitted as per the instructions mentioned in the tender documents.

Name of the Authorized signatory	
Mobile Number of the Authorized signatory	
Email Id	
Land line Number if any	
Office address	
CIN /Registration Number of Company	
Name of all Directors with DIN/PAN	

(Signature and stamp of Bidder)

Name:

Seal/Stamp:
Date:

Annexure B: Declaration by the bidder

Declaration by the bidder (to be submitted along with the bid)

I/We the undersigned (herein after referred to as Service Provider) having fully understood the nature of the work and having carefully noted the scope of work, specification, terms, and conditions, etc. as mentioned in the bid document do hereby declare that,

1. All the requirements of the bid document have been understood properly and accordingly agree with all provisions of the bid document and accept all risks, responsibilities and obligations directly or indirectly connected with the performance of the bid.
2. All the relevant information with regard to proper execution of the proposed work has been understood, with respect to the proposed specifications, its intended end use, availability of required materials and labour etc.
3. Are capable of executing and completing the work as required in the bid and are financially sound to execute the scope of work as per the work execution schedule. We have sufficient experience and are competent enough to perform the contract up to the satisfaction of GIZ. We also give the assurance to execute the scope of work as per the specifications, terms, and conditions on award of order.
4. We have no collusion with other bidders, any employee of GIZ or team engaged in executing the scope of work.
5. We have not been influenced by any statement or promises by any employee of GIZ or anyone from the team engaged by GIZ but only by the bid document.
6. We are familiar with all general and special laws, acts, ordinances, rules, and regulations of the Municipal, District, State and Central Government that may affect the work, its performance or personnel employed therein.
7. The submitted offer will remain valid for acceptance for 90 days from the last date of submission of bid.
8. All the information and the statements submitted with the bid are true to the best of knowledge.
9. We are not engaged in any kind of child labour nor any of our partners/suppliers indulge in any child labour activities.
10. We have never been debarred to undertake similar work by any Government undertaking/department, never been blacklisted or our companies' contract been terminated due to poor performance.
11. Mandatory grounds of exclusion – i.e., the bidder and/or its management has been involved in and convicted of an offence under:
    a. the Indian Penal Code, 1860;
    b. the Prevention of Corruption Act, 1988;
    c. the Prevention of Money Laundering Act, 2002;
    d. the Unlawful Activities (Prevention) Act, 1967;
    e. the Immoral Traffic (Prevention) Act, 1956; or
    f. any other applicable legislation in this regard.

In addition, the bidder is also debarred from the procurement process, if the bidder has committed any fiscal offence including but not limited to the following legislations, which offence/contravention has been established by judicial or administrative decision having final and binding effect:

a. default in payment of tax under the Income Tax Act, 1961;
b. default in payment of goods and service tax in compliance with the GST laws;
c. default in payment of any tax in compliance with the applicable national, state or local legislation;
d. default in payment of employee benefits under the labour and employee legislations such as provident fund, professional tax, labour welfare cess etc.; or
e. default in compliance with the Foreign Contribution (Regulation) Act, 2010."

Sub-point (a) and (b) above (concerning the Indian Penal Code, 1860 and the Prevention of Corruption Act, 1988) have been prescribed as grounds for debarment of a bidder, under rule 151(1) of the General Financial Rules, 2017 as well.

(Signature and stamp of Bidder)
