

Greening TVET Institutions

International Competence Development in Technical and Vocational Education and Training (TVET)

TOPICAL AREA: Green TVET

TVET institutions are requested to transform themselves into sustainable learning venues. Participants will learn a range of concepts, approaches and examples that can be used to successfully shape the necessary transformation process in their own institution.

- **Content, elements, format and duration can be customized to the respective needs.**

This topic includes the following courses:

- Course 1: Greening TVET Institutions
- Course 2: Greening TVET Institutions: Concept and Reference Systems
- Course 3: Greening TVET Institutions: Implementation Procedure

LEARNING OUTCOMES

On completion of the training, participants

- know the requirements that are made on sustainable learning venues
- understand the characteristics of green TVET institutions
- know the concept as well as reference systems helpful for greening TVET institutions
- know potential topics, appropriate methods and a suitable procedure for greening TVET institutions
- are able to apply a greening process in a TVET institution
