

Greening TVET Institutions

Sample Course 3: Greening TVET Institutions – Implementation Procedure

TVET institutions are requested to transform themselves into sustainable learning venues. The participants learn how to proceed in the greening process. They become familiar with concepts, methods and tools to be used to inform, involve and/or motivate people to participate in this process. Good examples from TVET institutions already on the way of becoming sustainable learning venues provide the opportunity to learn from the experiences of others.

- **Content, elements, format and duration can be customized to the respective needs**

Learning outcomes

On completion of the training, participants

- able to name principles and prerequisites of a transformation process
- are able to apply the procedure on greening TVET institutions
- are able to explain concepts, methods and tools to inform, motivate and involve internal and external stakeholders
- can identify success factors for a successful transformation process
