

TVET for Sustainable Development

International Competence Development in Technical and Vocational Education and Training (TVET)

TOPICAL AREA: Green TVET

TVET plays a key role in implementing the vision of sustainable development (SD) on global as well as on national level. Participants will reflect on the overall concept of SD and the role that TVET could play in the implementation of the Sustainable Development Goals (SDGs). In order to anchor TVET for SD in the respective national TVET system the participants will be coached to design and disseminate country-specific National Action Plans (NAPs).

- **Content, elements, format and duration can be customized to the respective needs.**

This topic includes the following courses:
