

Modern Teaching and Learning

International Competence Development in Technical and Vocational Education and Training (TVET)

The training aims to empower teaching staff of TVET institutions to improve their teaching and learning methodology. It focusses on the transformation from traditional teaching and rote learning to more modern, effective and outcomes-oriented approaches, such as work-oriented, competence-based, student-centered and action-oriented teaching and learning.

- **Content, elements, format and duration can be customized to the respective needs**

This topic includes the following courses:

- Sample Course 1: Competence-Based Education and Training CBET
- Sample Course 2: Competence-Based Curriculum Development and Mapping
