

TVET and Workforce Development

Sample Course 2: HR & Organization Development in TVET and Workforce Development

In the core of the course are human development processes in TVET with a focus on certain learning theories and teaching concepts for workforce development. Different categories of learn- and work assignments will be designed for supporting learning processes. Work with projects is another topic which will be covered as “a model” of learning.

- **Content, elements, format and duration can be customized to the respective needs**
