Acronyms

AIDS – Acquired Immuno Deficiency Syndrome

B&B – Bed and Breakfast

CC – Community Council

DC – District Council

DCS – District Council Secretary

ED – Electoral Division = Local Government Constituency

GTZ – German Development Cooperation

HIV – Human Immuno-deficiency Virus

IEC – Independent Electoral Commission

Km – Kilometre

MOLGC – Ministry of Local Government and Chieftainship

NGO – Non Governmental Organisation

STD – Sexually Transmitted Diseases

TB – Tuberculosis

VCT – Voluntary Counselling and Testing

WASA – Water and Sewage Authority

Introduction

The Local Government District Information Handbook for Mafeteng provides essential data on the socio-economic aspects of the district, disaggregated council wise. The broad objective of this database is to assist Local Government, Government Ministries, NGOs, community groups, individuals and others to understand the socio-economic status and profile of each of the community councils so that they can partner better with the Local Government. This information is provided to facilitate informed decision making at district and community council level while at the same time informing the national local government database, at a subsequent stage. We hope that this Handbook will become a reference information book for all information pertaining to local government in this district.

The information is presented in the form of tables providing statistical and descriptive information of the councils. These include data on the general profile of the Councils, social indicators, gender issues, and information about selected sectors, namely, agriculture, trade, health, HIV & AIDS, education, water, roads, communication, energy, environment etc.

Background to Local Government in Lesotho

The local government elections, held for the first time in Lesotho in 2005, led to the establishment of 128 Community Councils, 10 District Councils and the Maseru Municipal Council with about 1508 councillors. Each Council has indirectly elected Chairpersons and Vice Chairpersons as well as a number of Standing Committees for specific purposes. The process of Administrative deconcentration and integration at the District level is coordinated by the District Administrator who represents the interests of Central Government in the district. The process of political and service decentralisation is being managed on a day to day level by the District Council Secretary. Each District and Community Council has a Local Government Service staff compliment to assist in the operations of the councils. A number of staff from about nine line ministries, who perform functions that have been decentralised to local government, is assigned to work under a designated council.

Methodology

The process of development of this Handbook has been coordinated and supervised by Department of Planning, Ministry of Local Government and Chieftainship (MOLGC). The following data collectors were engaged and worked under the supervision of Community Council Secretaries (CCSs): Relebohile Molapo, Liile Melamu, Nthatisi Thabane, Lebohang Mosothoane, Palesa Phenethi and Mphonyane Mafisa. Engagement of Data collectors and technical design of the process was supported by German Technical Cooperation GTZ. This information was collected using a CC Fact Sheet (Annex 1) whose respondents were the councilors and the support staff. A detailed or intensive House Hold survey was not employed. This is a first attempt at collating key information trends aggregated as per CC boundaries. This information will be revised through updating, and subsequently validated against other secondary data sources, especially from the concerned sectors at the district level.

1. Profile of the Council

49. Average years of school attendance in the CC-area:	
a) Primary School	8 source: teachers
b) Secondary School	4 source: teachers
c) High School	3 source: teachers
50. Names of Farmers Training Centres (FTC's) in the CC-area	Not available
51. Names of other vocational training schools the CC-area; if available, specify type	Ramohapi dressmaking vocational in school source: chiefs and councillors
52. No. of initiation schools in the CC-area for the last year until present time	4 source: chiefs and councillors
53. No. of initiates in the CC-area for the last year until present time	Males: 106 Females: 0 source: chiefs and councillors
Water Sector:	
54. Number of households with access to piped water in the CC-area (within 150m):	a) Public stand pipes: 4864 household b) Private: c) Hand pumps: 1342 household source: chiefs and councillors

55. Number of wells in the CC-area.	Permanent: 15 Perennial: 3 source: chiefs and councillors
56. Number of dams in the CC-area. Indicate whether they are natural or man-made.	Communal: 10 Individual: 14 source: chiefs and councillors
57. No. of villages with existing water systems in the CC-area	97 source: chiefs and councillors
58. Longest and shortest distance to nearest potable water point (hours or kms) in the CC-area.	10 – 40 minutes source: chiefs and councillors
59. Names of villages where supply of potable water is reliable and clean; no. of households concerned	All villages source: chiefs and councillors
60. What kind of water supply projects are planned or under implementation in the CC-area?	Planned: Protection of wells Under implementation: none source: chiefs and councillors
61. Which institutions are in charge of water supply in the CC-area? Are they locally represented?	-Rural Water Supply -not represented source: chiefs and councillors
Roads Sector:	
62. Total kilometres of Tarred roads (i.e. national roads) in the CC-area	16 km Source: DDR
63. Names and lengths of existing roads maintained by DRR in the CC-area Ramokoatsi to bochabela 9.7	Gravel: Makeneng to ha Isaac 4km Lumisi to ha raliemere 3.56 km Earth: Matsepe to tsaeng 10.1km Source: DDR
64. Longest and shortest distance (km) of villages to nearest "good" road.	100m – 2km source: individually calculated
65. Names of villages without road access in the CC-area; no. of households concerned	Ha mahali, ha nkapu ha oni, ha rankhotho, khatleng, ha mporoane , mapolateng, ha sebusi, mokhoabong, tataikopanong, maianeng, ha mahosi, tauwali, source: chiefs and councillors
66. What kind of road projects are planned or under implementation in the CC-area? gravel roads at bochabela	Planned: none Under implementation: construction of source: chiefs and councillors
67. What are the transport infrastructure requirements in the CC-area?	<ul style="list-style-type: none"> • Roads* • Boats • Air Strips • Intermediate means of Transport <ul style="list-style-type: none"> ○ Footbridges- ○ Walk-ways source: chiefs and councillors
68. Which Institutions are in charge of the Road Sector in the CC-area? Are they locally represented?	Department of Rural Roads source: chiefs and councillors

Energy Sector:	
69. Number of households with electricity connections in the CC-area. (i.e. LEC connections)	113 source: LEC
70. Number of villages without electricity in the CC-area.	86 source: chiefs, councillors and LEC
71. Number of households using solar energy in the CC-area	Solar power: 8 Solar cookers and dryers: source: chiefs and councillors
72. Main source: s of energy in the CC-area	Wood Gas Electricity source: chiefs and councillors
73. Which institutions are in charge of the electricity sectors in the CC-area? Are they locally represented?	-LEC -not represented source: chiefs and councillors
Communication Sector:	
74. No. of villages with landline telephone in the CC-area; specify number of households with connections	32 households source: chiefs and councillors
75. No. of villages with cell phone reception in the CC-area	84 source: chiefs and councillors
76. No. of villages with local TV reception in the CC-area	21 source: chiefs and councillors
77. No. of villages with local radio reception in the CC-area	97 radio Lesotho and Moafrika source: chiefs and councillors
78. No. of villages with access to postal/mail services in the CC-area	0 source: chiefs and councillors
Trade and Commerce Sector:	
79. Number of Businesses in the CC-area; specify type	<u>Registered</u> 9 café 1 supermarket 2 bar <u>unregistered</u> 8 café 1 bar source: chiefs, councillors and MTICM
80. Do they have access to specific market for their products?	No formal market, they sell to individuals source: chiefs and councillors
81. Are there any financial institutions (e.g. banks, insurances, credit unions, etc) in the CC area? If yes, provide names and location.	no source: chiefs and councillors
Security Services:	
82. Number of security service providers in the CC-area	Government (Police): 0 source: chiefs and councillors Private: 0 source: chiefs and councillors
83. Number of Crime Prevention Committees in the CC-area	1 source: chiefs and councillors
84. Names of villages least covered by security services in the CC-area.	All the village source: chiefs and councillors

85. Common types of crime cases reported in the CC-area	Robbery, rape, source: police
86. No. of stock stolen in the last year in the CC-area	Cattle: 3 source: police Sheep: 22 source: police Goats: 0 source: police Horses: 0 source: police Donkeys: 0 source: police
87. Longest and shortest distance to the nearest Police Station or Post	
Environment:	
88. Names of rare, vulnerable & endangered species in the CC-area	Flora (plants): none Fauna (animals): None source: chiefs and councillors
89. Names of areas of interest (that could be protected) within the council area	none source: chiefs and councillors
90. Names of villages that are facing severe soil erosion in the CC-area.	Sebusi, matlapaneng ,matsepe, tsaeng, ha makhathi, mahali, ha Isaac, lempetje, khatleng, lumisi, likupa, ha sebusi, qobete, makeneng, ha jooase, ha raliemere, maieaneng,kopanong. source: chiefs and councillors
91. What are the causes for this severe soil erosion in the CC-area?	rain source: chiefs and councillors
92. What are the projects existing, planned or under implementation for Natural Resource: Management (e.g. tree planting, gully rehabilitation, rehabilitation of wetlands, soil erosion etc.) in the CC-area	Existing: Plant trees at ha Isaac and matlapaneng Ongoing: None Planned: None source: chiefs and councillors

Community Council Fact Sheet for the Community Council Action Plan (CCAP) Overview of the most important data of the Community council

District: **MAFETENG**

Name of the Electoral Division: **QALABANE No.54**

Name of the Community Council: **QIBING E11**

Compiled By: **L.Melamu**

Date: **2008**

Population:

1.Total population of the Community Council (CC)	17374	source: BOS
2. Male population in the CC-area	8707	source: BOS
3. Female population in the CC-area	8667	source: BOS
4. Average population per village in the CC-area (to be filled later)	229	source: councillors and chiefs
5. No. of births in the last year in the CC-area	188	source: councillors and chiefs
6. No. of 5+ deaths in the last year in the CC-area	279	source: councillors and chiefs
7.Under 5 deaths in the last year in the CC-area	81	source: councillors and chiefs

Education Sector:	
46. Number of Primary Schools in the CC-area	Government: 0 NGOs (e.g. churches):11 Private and individually owned: 0 Councillor Dept of Education
47. Number of Secondary Schools in the CC-area	Government: 0 NGOs (e.g. churches): 0 Private and individually owned: 0
48. Number of High Schools in the CC-area	Government:1 NGOs (e.g. churches): 5 Private and individually owned:1 source: councillor
49. Average years of school attendance in the CC-area:	
a) Primary School	10
b) Secondary School	5
c) High School	4 source: principals

50. Names of Farmers Training Centres (FTC's) in the CC-area	
51. Names of other vocational training schools in the CC-area; if available, specify type	Bedco(carpenry and dressmaking) St Gerard – Dressmaking Catholic Training Centre- Dressmaking and knitting source: councillors
52. No. of initiation schools in the CC-area for the last year until present time	3 Source: chiefs and councillors
53. No. of initiates in the CC-area for the last year until present time	Males: 88 Females: 0
Water Sector:	
54. Number of households with access to piped water in the CC-area (within 150m):	a) Public stand pipes: 1410 b) Private: 1075 c) Hand pumps: 764 source: WASA
55. Number of wells in the CC-area.	Permanent: 25 Perennial: 3
56. Number of dams in the CC-area. Indicate whether they are natural or man-made.	Communal: 9 Individual: 25 source: councillors
57. No. of villages with existing water systems in the CC-area	36 source: councillors
58. Longest and shortest distance to nearest potable water point (hours or kms) in the CC-area.	5- 10 minutes
59. Names of villages where supply of potable water is reliable and clean; no. of households concerned	1920 households from: Ha Motlere (tlasa feme) Tjorosing Lifelekoaneng Ha Tsele Ramokhele (ka holimo) Ha Linale Leloaleng Sekhutloaneng Motse-Mocha Borokhong Ha Mokhameleli Thotaneng Matheneng Lekhalong Ha Mothokho Ha Seithleko Setumpa source: councillors
60. What kind of water supply projects are planned or under implementation in the CC-area?	Planned: Installation of pumps (Thabeng –Ramokoena, Boithatelo-Borata, Ha Linale- Khalahali, seithleko-Motheong)Sekantsing pumps and VIPs Under implementation: Water pipes: Paballong Lengopeng to Borokhong , Ha Mokhameleli water pipes from source Thabeng. source: WASA, Rural Water Supply, Councillor

61. Which institutions are in charge of water supply in the CC-area? Are they locally represented?	-Rural Water Supply and WASA -Locally represented
Roads Sector:	
62. Total kilometer of Tarred roads (i.e. national roads) in the CC-area	National Road circle to Borata 9Km Thabana Morena Road 1km Vanrooyen Road to Matholeng 4km Maseru Road 5km Roads
63. Names and lengths of existing roads maintained by DRR in the CC-area	Gravel: Motsemocha- Maphoka to Sekantsing 3km Sekontiring to Matholeng to Factory 6km Johnsonbaker High School to Circle 3,5 km Senkontiring to Rankhakile 2.6 km Matsaneng,Phahameng,Motlere4.2km Matheneng – Paballong 1.8 km Kotoanyane to Mapoka 3.8 km Earth: source: DRR, DPU
64. Longest and shortest distance (km) of villages to nearest “good” road.	0.7km - 6.8 km 10minutes-2hours
65. Names of villages without road access in the CC-area; no. of households concerned	Ha Matsepe, Matheneneng, Tjorosing,Ha mokhameleli,Ha Polinyane,Thabaneng, Borokhong, Ha Souru,Ha Mothokho, Ha Setumpa, Ha Seithleko, Lifelekoaneng, Ha Motlere, paballong source: councillors
66. What kind of road projects are planned or under implementation in the CC-area?	Planned: Maintenance of roads Hospital to Nursery Khubetsoana to Matholeng Circle to Johnson baker High school Borokong to Agric Site Paballong to Main road Leloaleng to Khabo Under implementation: Phahameng via graveyard to circleCircle to graveyard Circle to RamokheleMotse-mocha- Mpholle source: Roads
67. What are the transport infrastructure requirements in the CC-area?	<ul style="list-style-type: none"> • Roads* • Boats • Air Strips • Intermediate means of Transport <ul style="list-style-type: none"> ○ Footbridges ○ Walk-ways <p>source: councillors</p>
68. Which Institutions are in charge of the Road Sector in the CC-area? Are they locally represented?	-Department of Rural Roads, and Roads -They are represented
Energy Sector:	
69. Number of households with electricity connections in the CC-area. (i.e. LEC connections)	298

70. Number of villages without electricity in the CC-area.	28	source: councillors
71. Number of households using solar energy in the CC-area	Solar power: 195 Solar cookers and dryers:	
72. Main sources of energy in the CC-area	Wood, Gas and Paraffin source: councillors	
73. Which institutions are in charge of the electricity sectors in the CC-area? Are they locally represented?	-L.E.C. -locally Represented	
Communication Sector:		
74. No. of villages with landline telephone in the CC-area; specify number of households with connections	186	source: Telecom Lesotho
75. No. of villages with cell phone reception in the CC-area	46	source: councillors
76. No. of villages with local TV reception in the CC-area	47	source: councillors
77. No. of villages with local radio reception CC-in the area	49 Moafrica	Radio Lesotho source: councillors
78. No. of villages with access to postal/mail services in the CC-area	17	source: councillors
Trade and Commerce Sector:		
79. Number of Businesses in the CC-area; specify type	Shops 48, supermarkets 16 general dealer 3 bottle stores and Bars 10, poultry and piggery 20 bricklayers 17, mechanics 8, butchery 7, fruits and vege shops 3, saloons 20, Dairies 10, Hotels 2, Guest Houses 3 Industrial: NDSO, High Chime, Shu ROU toilet Paper, TNT Textile source: Councillors, Trade and Commerce	
80. Do they have access to specific market for their products?	Yes, they sell their products at Mafeteng Dairy, OK supermarket, swanepoel in Maseru (councillors)	
81. Are there any financial institutions (e.g. banks, insurances, credit unions, etc) in the CC area? If yes, provide names and location.	Banks Ned bank Standard Lesotho Bank INSURANCES MKM Metropolitan Reauboka Bafokeng Sentebale Credit Unions Blue financial services JP creditors Letsema creditors Sechaba financial services	

Security Services:	
82. Number of security service providers in the CC-area	Government (Police): 1 Private: 2
83. Number of Crime Prevention Committees in the CC-area	7 source: chiefs and councillors
84. Names of villages least covered by security services in the CC-area.	
85. Common types of crime cases reported in the CC-area	Rape Child abuse Robbery House break Assaults Insults source: chiefs and councillors, Mafeteng police post
