GIZ INDIA
FACT SHEET

Our Thematic Areas in India

Energy

- Indo-German Energy Forum – Support Office
- Indo-German Energy Programme – Access to Energy in Rural Areas
- Integration of Renewable Energies into the Indian Electricity System
- Indo-German Solar Partnership – PVRT
- Promotion of Solar Water Pumps
- Indo-German Energy Programme – Green Energy Corridors
- Energy Efficiency in Buildings Programme
- Indo-German Energy Programme – Energy Efficiency

Environment, Climate Change and Biodiversity

- Supporting the Institutionalisation of Capacities on Climate Change Studies and Actions
- Development and Management of NAMAs in India
- Indo-German Environment Programme in Rural Areas
- Environmental Benefits through the Mahatma Gandhi National Rural Employment Guarantee Act
- Sustainable Supply Chains for Perishables into Cities
- Conservation and Sustainable Use of Biodiversity
- Human Wildlife Conflict Mitigation
- Green Innovation Centres for Agriculture and Food Sector – India
- Soil Protection and Rehabilitation for Food Security – India
- Food and Nutrition Security, Enhanced Resilience – India

Sustainable Urban and Industrial Development

- Land Use Planning and Management
- Sustainable and Environment-friendly Industrial Production
- Support to Ganga Rejuvenation
- Integrated and Sustainable Urban Transport Systems for Smart Cities in India
- Sustainable Urban Development – Smart Cities
- Climate Smart Cities

Sustainable Economic Development

- Indo-German Social Security Programme
- Innovation Promotion in Micro, Small and Medium-sized Enterprises
- Responsible Enterprise Finance
- Indo-German Programme for Vocational Education and Training
- Economic Empowerment of Women Entrepreneurs and Start-ups by Women

<tbody>
<tr>
<td><strong>CO₂</strong></td>
<td>31 million tonnes CO₂/a emissions reduced from the industries.</td>
<td>Over 10,000 local councils enabled with remote sensing technology.</td>
<td>Improved livelihood opportunities for 330,000 rural entrepreneurs.</td>
<td>5,500 urban poor get access to housing &amp; basic services.</td>
</tr>
<tr>
<td></td>
<td>290 million LED lamps; 5 million smart meters; 10,000 electric vehicles; 100,000 ACs; promote manufacturing of energy saving products.</td>
<td>Partner access to climate change adaptation funds, for projects worth more than EUR 19.6 million.</td>
<td>Capacity building for 400 public sector entities on Clean Development Mechanisms.</td>
<td>10,000 SMEs trained to integrate new innovations.</td>
</tr>
<tr>
<td></td>
<td>12 million+ participants outreach to generate awareness on energy efficiency.</td>
<td>Bringing together big business and biodiversity: 27 Indian companies with an combined annual turnover of EUR 320 billion are participating.</td>
<td>69,000 farmers adopted good agriculture farming practices such as System of Rice Intensification (SRI).</td>
<td>Over 250 multistakeholder partnerships formed to foster innovation, responsible finance, entrepreneurship, skills development, public private partnerships and quality infrastructure, benefiting private sector development.</td>
</tr>
<tr>
<td></td>
<td>18,000 households enjoy access to solar home lighting systems.</td>
<td>Conservation of 2,000 wetlands across India.</td>
<td>Promote sustainable livelihoods through forest ecosystem management.</td>
<td>135 tonnes reduced CO₂ emissions from automobile component manufacturing industries.</td>
</tr>
<tr>
<td></td>
<td>5 Indian cricket stadiums solarised.</td>
<td>Promote best practices in fair and equitable benefit-sharing for economic development and biodiversity conservation.</td>
<td>Promote best practices in fair and equitable benefit-sharing for economic development and biodiversity conservation.</td>
<td>Cities and towns from five states have access to improved sanitation services (waste water and municipal solid waste).</td>
</tr>
<tr>
<td></td>
<td>Energy efficiency credit line worth over EUR 2.5 billion initiated by IIEF.</td>
<td>35,526 hectares of land covered under the project protection activities.</td>
<td>35,526 hectares of land covered under the project protection activities.</td>
<td>3.5 million people in a district will benefit from spatial planning.</td>
</tr>
<tr>
<td></td>
<td>Over 500 students have access to digital education through the use of solar lanterns.</td>
<td>11,380 farmers including 40% women trained in 489 days on best practices of soil protection.</td>
<td>Support and trainings on nutrition provided to 100,000 women of reproductive age.</td>
<td>Improvement and promotion of ethical industrial wastewater treatment.</td>
</tr>
<tr>
<td></td>
<td>11 Renewable Energy Management Centres conceptualised, designed and established.</td>
<td>474 new job opportunities created, especially for women and youth in agricultural value chains.</td>
<td>22,401 food distribution centres established in Madhya Pradesh, serving 54 million eligible people.</td>
<td>1,000 start-ups mentored.</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Support and trainings on nutrition provided to 100,000 women of reproductive age.</td>
<td>Promote smart farming; developed App for potato cultivation.</td>
<td>134 million persons insured under the national health insurance RSBY in 2017.</td>
</tr>
<tr>
<td></td>
<td></td>
<td>3.5 million people in a district will benefit from spatial planning.</td>
<td>8,000+ hospitals provide services under RSBY.</td>
<td>15 million patients treated since the inception of RSBY (2008-17).</td>
</tr>
