UNECA's main mission is to promote economic and social development in Africa. This is achieved through research, policy advice, technical assistance and capacity building. UNECA works closely with African governments, regional organizations, the private sector and civil society to support sustainable growth, regional integration and the achievement of the Sustainable Development Goals (SDGs). The Commission's key themes include trade promotion, infrastructure development, poverty reduction and the promotion of women's rights and gender equality.	United Nations Economic Commission for Africa (UNECA)	400,368.00 €
Support a core project of DIAL, namely the Africa Data Leadership Initiative (ADLI), which aims to strengthen leaders in Africa in dealing with data and promote data-based decision-making processes. Supports innovative approaches to data use and promotes projects that contribute to solving social and economic challenges in Africa	Digital Impact Alliance (DIAL) of the UN Foundation	400,000.00 €
The objective is to broaden the multi stakeholder dialogue on data policy among African stakeholders within the established UN mandated multi stakeholder forum IGF. Scope: The grant to the IGF Secretariat will finance flights and accommodation for African participants for the Africa IGF and the global IGF in 2024 and 2025. Up to 40 participants from Africa are to be enabled to participate in the two forums per year.	UNDESA - Secretariat of the UN Internet Governance Forum (IGF)	300,000.00 €
The Association for Progressive Communications (APC) conducts an annual African School on Internet Governance (AfriSIG) at the continental level, which targets active decision-makers in the field of digital transformation in Africa	Association for Progressive Communications (APC)	140,000.00 €
Increase stakeholder awareness and capacity for Afrofeminist principles in data governance, improve the visibility and recognition of women in data governance, and strengthen the integration of these principles into national policies and regulation.	Policy	199,999.00 €
The objective of the project is to strengthen the capability of state and non-state actors, including civil society, academia, private sector players, and the technical community on data governance and the implementation of the AUDPF.	KICTANET (Kenya Information Communication and Technology Action Network Trust)	119229.00 €
Enables the Mozilla Foundation to conduct the Data Governance in Africa Fellowship, which aims to support independent and free research on the topic, promote participatory approaches in policy, and build a knowledge base on data governance within the AU DPF. In the long term, research and knowledge gathering will support capacity building on data governance in Africa.	Mozilla Foundation	149,997.00 €
The overarching idea of the concept note is to promote inclusive policy development by empowering African governments and stakeholders to build robust data governance frameworks through public participation. This approach aligns with the vision of creating a digital society that represents the needs and perspectives of all citizens, as articulated in the African Union's Digital Transformation Strategy.	i4Policy	257,194.36 €
