Implemented by

I am...

...I would like to learn some skills which will help me to get work

LIKE...

engineering, solar energy, tailoring, mechanics, cooling, fridges maintenance, food processing, electrics, plumbing, welding etc.

Find a suitable course for you.

Short courses (3-6 months)

Long courses (2-3 years)

for example, at:

Nyala Vocational Training centre
Nyala Technical College
Nyala Technical Secondary School
New Nyala Technical Secondary School
Nyala Technical Secondary School for Women
Workshop Owners

"Trade testing" can certify skills you already have

Get enrolled in a technical training or in an apprenticeship and pay the fees (900 - 4500 SDG depending on course)

Earn certificate

NOTE!

Documents required: ID, proof of residence

Law of 2010 establishing the Technical and Technological Education track + Vocational Training and Apprenticeship Act 2001

*Universal Declaration of Human Rights
