Business Scouts for Development

Your partner for a sustainable future

On behalf of

Federal Ministry
for Economic Cooperation
and Development

Implemented by

giz Deutsche Gesellschaft
für Internationale
Zusammenarbeit (GIZ) GmbH

Networking.
Investing.
Developing.

Are you looking for opportunities for sustainable economic engagement in new markets? The Business Scouts will put you in touch with the right partners.

Whether you want to sustainably expand your business in **developing and emerging countries** or you want to prepare yourself for the increasing **social and ecological demands** of the global market: The Business Scouts for Development are at your side with advisory services, training and a broad network in **over 30 countries** around the world.

As your contact persons, the **Business Scouts** work integrated into business associations and chambers of industry and commerce in Germany and abroad, as well as integrated into structures of German development cooperation abroad. **On behalf of the German Federal Ministry for Economic Cooperation and Development (BMZ)**, they provide advice to companies on sustainable economic engagement.

Services for companies

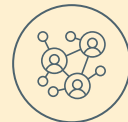

Competent advice

Comprehensive overview of funding opportunities by German development cooperation that may be suitable for your planned activity

Long-term support

Project support from the idea to the implementation, be it in the search for funding opportunities offered by development cooperation or suitable local business partners

International networking

A global network that not only pools the expertise of around 80 Business Scouts, but also creates international synergies between companies, associations, and institutions

Broad expertise

Since the Business Scouts are in direct contact with the private sector, the programme is able to respond quickly and innovatively to new topics and approaches. The topics of the Business Scouts are:

- **Climate, energy, environment and H₂**
- **Sustainable supply chain management**
- **Digitalisation**
- **Technical and vocational education and training**
- **Agribusiness and the food industry**
- **Skilled crafts and trades**
- **Health**
