Invitation to tender – RFP No. 83491545

Project no.: 21.2167.1-001.00
Project title: Green Jobs for Social Inclusion and Sustainable Transformation (GESIT) Project
Country: Indonesia

Service Tendered:
**Regional Consultant for Subnational Green Jobs Promotion
in East Kalimantan**

Dear Sir/Madam,

The project "Green Jobs for Social Inclusion and Sustainable Transformation" (GESIT) aims to support Indonesia's transition to a green economy by expanding green employment opportunities and fostering a competitive workforce with the skills needed for green jobs. This project is part of an integrated solution to the global climate crisis, consisting of numerous Indonesian-German cooperation projects that leverage synergies in the fields of energy transition, forest conservation, circular economy, TVET, and employment promotion. It is a bilateral project between the Indonesian and German governments, specifically the German Federal Ministry of Economic Cooperation and Development (BMZ) and the Indonesian Ministry of National Development Planning (Badan Perencanaan Pembangunan Nasional/Bappenas) and is implemented by GIZ.

Green jobs are defined by the Green Jobs Roadmap of Bappenas as "jobs that contribute to preserving or restoring the environment and promote decent work through one or more of the following mechanisms: by having specific tasks, requiring specific skills, for application of environmentally friendly processes and/or production of environmentally friendly outputs (products/services)".

Taking into account the pivotal importance of the green transformation of the Indonesian economy and labour market and the Government of the Republic of Indonesia's goal to become a developed country by 2045 while targeting net zero emissions by 2060 or sooner, GIZ and Bappenas have agreed to jointly implement the GESIT project which will develop the capacities of selected public and private stakeholders to inclusively promote employment in green jobs
