giz Deutsche Gesellschaft
für Internationale
Zusammenarbeit (GIZ) GmbH

Land Information Systems Intern (Re-advertisement)

Our model for success is a better life for everyone and purposeful tasks for our employees. For more than 50 years, the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ), as a company of the German Federal Government, has been supporting the implementation of development policy goals worldwide. In Lao PDR, GIZ is currently implementing a large number of projects focusing on rural development, conservation of nature and natural resources as well as sustainable economic development. If you want to make a difference in the world and develop yourself in the process, you've come to the right place.

The project “**Land Management & Decentralized Planning Program (LMDP IV)**” as part of the Lao-German Cooperation and commissioned by German Federal Ministry for Economic Cooperation and Development is currently seeking **one (1) Intern in Vientiane Capital for a duration of 6 months**, starting as soon as possible.

MAIN TASK AND RESPONSIBILITIES:

- Support the organization of regular meetings and workshops with government partners and other stakeholders, including the drafting of agendas and presentations, preparation of meeting rooms, meeting documentation, and translation
- Support GIS related tasks to prepare land use planning datasets for the upload to LUIS, the web-based land use information management system. This task contains different steps such as:
 - data preparation (collect spatial data, reports, maps, and metadata)
 - data quality checking & data cleaning (following the standard operation procedures in QGIS)
- Support data upload of geospatial data and metadata to the online land use planning data management system (LUIS)
- Support the development of style files in the Lao language for the new harmonized land use coding schema that is used in LUIS
- Creation of GIS-supported spatial maps for spatial analyses and as an information basis for the implementation of land tenure recognition in forest areas and for political dialogue
- Supporting the team and team leader in the preparation and implementation of activities

REQUIRED QUALIFICATIONS:

- Student or recent graduate in any course related to spatial data management (QGIS), natural resource management, land administration, forestry, or related fields
- Experience with GIS needed, preferably QGIS
- Very good communication and organizational skills, and experience in organizing workshops and events are an advantage
- Very good skills in Microsoft 365 applications like Microsoft Word, Excel, and PowerPoint as well as business communication tools
- Basic written and oral communication skills in English
- Self-motivated and willing to learn new skills and work in an international team to implement activities with the public sector in Lao PDR

INTERNSHIP BENEFIT

- Paid Internship
- Experience of working with an international Organization
- Certificate of Internship

HOW TO APPLY

Interested applicants should submit their cover letter and CV by clicking [“Apply”](#) in the bottom left corner by 14th July 2025.

Please read [Our Data Privacy Notice](#), which provides further information on the data we store and about your rights, before you continue with your application

Gender equality is one of the key values of GIZ and of the work we do.

Applications from women, persons from diverse culture background, and with disabilities are most welcome.
