About GIZ India click on: https://www.giz.de/en/worldwide/368.html

Project Background
On behalf of Alliance to End Plastic Waste (AEPW), GIZ (International Services) is implementing the Ganga Plastics City Partnership Project (GPCP) in the two Ganga cities of Haridwar and Rishikesh in Uttarakhand.

The objective is to reduce the plastic waste entering the cities environment by strengthening an integrative and improved plastic waste management system in these two cities. The project will focus on enhancement of existing capacities, improvement of selected elements of the plastic waste value chain, promotion of innovations along the plastic waste value chain and implementation of awareness activities engaging with all relevant stakeholders.

The efforts will also contribute to achieving the objectives of the flagship programs of the National Mission for Clean Ganga (Namami Gange) and the Clean India Mission (Swachh Bharat Mission).

A. Responsibility

- Overall implementation of project activities in project cities (Haridwar and Rishikesh) in close coordination with project team.

B. Tasks

Core scope of tasks

- Develop network and work in close coordination with municipal corporation and other city level stakeholders for project implementation like waste management companies, NGOs, government officials etc
- Support and monitor the work of appointed implementing partners
- Support in undertaking the primary and secondary data collection for baseline assessment, Plastic Waste Management Action Plan
- Support the proposed infrastructure enhancement activities like, collection and transportation equipment’s, proposal making, and maintenance of material recovery facilities etc
- Provide inputs in preparation of communication strategy and events guidebooks
- Provide inputs for sourcing innovations and overseeing the testing of shortlisted innovations in project cities
- Organize and facilitate for all city specific project events like stakeholder consultations, trainings, workshops etc
Facilitate and monitor the awareness activities focused on target groups like schools, colleges, waste generators, offices, visitors etc to be jointly organized with the implementing partners
Facilitate and monitor the cleanup activities with the implementing partner
Organize meetings and participation of stakeholders during the site visits of AEPW and Mission
Reporting the project progress on regular basis as per the monitoring and evaluation framework and provide further inputs

C. Required qualifications, competences and experience

Qualifications
- Master’s Degree or equivalent in a discipline relevant to the project, such as environment, social sciences, urban and regional planning, economics or engineering;

Professional experience
- Minimum 8 years of post-graduate experience in relevant field.

Other knowledge, additional competences
- Experience of working on solid waste management issues with municipalities, informal waste workers. Specific work experience in plastic waste will be asset.
- Experience of organizing the communication and mass awareness campaigns on waste related issues
- Experience of working along waste management value chain and knowledge about plastic waste management value chain.
- Knowledge about the existing regulations and guidelines for plastic waste management.
- Experience of Field investigations, surveys, impact studies or other research related to the compilation and analysis of data related to environment and waste in particular;
- Experience of organizing conferences, workshops and working groups with government entities;
- Excellent report writing skills,
- Readiness for frequent travel and field work
- The job requires frequent travel to Rishikesh

Location: Haridwar, Uttarakhand

Duration of the contract: 31.03.2022

Last date of receiving applications: 19 April 2020
*Application without GIZ application form will not be considered.*

- Only shortlisted candidates will be contacted.
- GIZ supports Work-Life Balance.
- GIZ promotes Gender Diversity – Applications from women professionals are encouraged.

Disclaimer: As per GIZ’s data confidentiality policy, candidate’s application is stored in our database for 6 (six) months and is deleted thereafter.
