

# WE ARE HIRING

**Job Role:** Technical Advisor (Automotive and E-Mobility)  
**Reports to:** Team Lead  
**Contract Duration:** Until 31.12.2026  
**Location:** Accra

Implemented by:  
**giz** Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH

## Company Profile:

Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) - is a public-benefit federal enterprise working in more than 100 countries worldwide. We work on behalf of the German Government and support public and private sector clients in a wide variety of areas, including economic development and employment, energy and environment, and peace and security. Our activities cover three priority areas: Energy and Climate, which deals with renewable energy and energy efficiency; Training and Sustainable Growth for decent Jobs; and Peaceful and Inclusive Societies, which focuses on good governance.

## Project Brief:

The Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH has been active in Ghana in the context of international development cooperation for more than 30 years. GIZ has been commissioned by the German Federal Ministry for Economic Cooperation and Development (BMZ) to implement the Special Initiative "Decent Work for a Just Transition" in Ghana. Due to the constant growth of Africa's population (population doubles to 2.5 billion people by 2050), the continent needs 20 million new jobs annually. This goal is only achievable in cooperation with the private sector. To realize employment-related investments with companies, the Special Initiative works in three areas of intervention: Business & Investment, Ghanaian SME & Cluster Focus.

## Scope of Role:

In close cooperation with the Invest for Jobs team, the Head of Business & Invest/Cluster, and the Invest for Global Programme, the Technical Advisor will contribute to the implementation of projects in the portfolio as well as lead the development of new projects in the sector. Advise SMIDO in the development and implementation of capacity development activities for organizations and artisans in Suame Magazine, including business skills, social security, operational safety and health, green technologies, and waste management.

## Tasks:

- Provide technical advisory for upgrading infrastructure, workplace environment and safety, production processes, and increase technology adoption within Suame Magazine to improve productivity and environmental performance.
- Develop and implement new and existing projects, such as support to SMIDO, and monitor and evaluate outcomes against agreed targets to ensure impactful project delivery.
- Advise on the development and implementation of strategies and policy recommendations for strengthening Ghana's automotive and e-mobility sectors, such as in regard to the mandate of the automotive development centre.
- Foster strategic partnerships with automotive companies, e-mobility innovators, academia, and development partners.
- Lead public-private exchange formats and advise stakeholders on the integration of green technologies, local value chain development, and workforce upskilling in automotive and electric mobility.
- Develop and implement new projects and ensure the successful implementation of ongoing projects per GIZ's processes and regulations, including for monitoring and evaluation.
- Ensure alignment and leverage synergy through knowledge exchange with other GIZ programmes in related areas.
- Contribute to reporting, sector studies, monitoring and evaluation appropriate inputs for various studies commissioned by assigned partners, where necessary.
- Perform other tasks at the request of management related to the successful implementation of the programme.

## Profile:

- BSc/Master's degree in Business Studies, Economics, Engineering, Industrial Development, Environmental Sciences, Transport Planning, or a related technical field.
- Minimum 5 years of professional experience in the automotive, transport, or green technology sectors, with a strong advisory and project implementation component.
- Proven experience in technical advisory services and project management, preferably in emerging economies or development cooperation contexts.
- Solid knowledge of e-mobility trends, EV infrastructure, green value chains, and relevant international standards, networks and policies.
- Excellent coordination, intercultural, facilitation, and communication skills.
- Have a working knowledge of ICT tools and standard office IT tools and systems.

## How to Apply:

Interested and suitable applicants are to forward their Curriculum Vitae (CV) and a one-page cover letter stating their motivation to the position and added value to the project to [recruitment-ghana@giz.de](mailto:recruitment-ghana@giz.de) quoting the **Job Code 2025/TA-Auto/07/01** in the subject line. If you do not hear from us four (4) weeks after the deadline, please consider your application unsuccessful.

GIZ is an equal opportunity employer committed to diversity. All qualified candidates regardless of age, sex, ethnicity, race, and religion are encouraged to apply.

 **Closing date:** 15.07.2025
