

## Job Vacancy Announcement

Reference No:	057
Project:	ASEAN Green Recovery
Position:	Sustainable Finance Advisor
Location:	Jakarta - Indonesia
Expected to join:	01.10.2025
Reporting to:	Component Leader of ASEAN Green Recovery

### About GIZ

The Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH is a German implementing organization which provides services worldwide in the field of international cooperation for sustainable development.

### About the project

GIZ's ASEAN Green Recovery project aims to strengthen the integration of Sustainable Finance into the financial systems of ASEAN member states. It focuses on developing enabling regulatory and policy frameworks while providing direct advisory support to financial institutions.

Key thematic priorities include fostering the development and use of Sustainable Finance instruments—such as thematic (eg green) bonds—as well as supporting the creation and implementation of Sustainable Finance taxonomies. A particular emphasis is placed on ensuring the interoperability of these taxonomies within ASEAN and between ASEAN and the EU.

The project works in close collaboration with financial market actors and regulatory authorities to promote sustainable economic development and align financial flows with climate and sustainability goals.

We seek 1 (one) motivated and qualified Indonesian candidates for:

## Sustainable Finance Advisor

### A. Tasks & Responsibilities

- Independent development and implementation of concepts and activities (e.g. workshops, trainings for financial market participants) within the scope of the Green Recovery project responsibilities in ASEAN
- Preparation, implementation, and communication of activities, concepts, and approaches with internal and external stakeholders, including political, regulatory, and financial sector partners, as well as commissioning parties and GIZ internal units/programmes
- Building and maintaining networks with external partners, such as banking/investor associations, universities, project developers, and financial market regulators, as well as with international forums and initiatives.
- Project management tasks, such as budget planning and monitoring, drafting of contracts, coordination of consulting services with relevant stakeholders, management of contractors, and contributions to reporting
- Drafting target group-specific information and communication materials for commissioning parties, project partners, and donors

- Coordination with other projects within the ASEAN portfolio and the GIZ Indonesia Cluster
- Monitoring and reporting of project activities and results in accordance with GIZ's internal formats and requirements

The brief profile is not intended to provide a full and complete description of the tasks.

## B. Qualifications

- Completed university degree in economics, finance, environmental studies, or a comparable field
- At least 5 (five) years of professional experience in the field of sustainable/climate finance (e.g. taxonomies, adaptation finance, management of sustainability risks (e.g., from climate change and biodiversity loss); transition plans; financial market regulation to promote sustainability) and/or project finance (e.g. energy, water, agriculture sector),
- Proven track record in designing and delivering training and advisory services for financial institutions and/or financial market regulators and supervisory authorities,
- Solid knowledge of international discussions on sustainable finance, climate finance, and climate-related risks
- Ability to think and act independently, strategically and analytically, with a quick grasp of complex issues and a focus on what matters most
- Confident and persuasive communicator, capable of engaging effectively with both technical audiences and high-level stakeholders
- Strong commitment, team spirit, reliability, diplomatic skills, gender competence, and intercultural sensitivity
- Fluency in English (spoken and written) is required; knowledge of German is an asset
- Competency in computer skills with adequate knowledge of Microsoft Office (Power Point) and Outlook where relevant to the position
- Good communication & coordination, planning & organization, accountability, teamwork and willing to continuous learning.
