3.	83502096	Procurement and Contracting Unit	<ul style="list-style-type: none"> We work with Small Business Owners in the SADC region offering Entrepreneurship Programmes, Grants, Coaching, Mentoring, and a host of other initiatives to support SMEs. Within our Network we have 2,000 Agribusinesses many of which are suffering the effects of Climate Change. <p>We wish to collaborate with the Modelists of Climate Change to introduce practical ways to mitigate the climate crisis including the formulation of 2 x PhD projects on this sector, one on the impacts, second on the mitigation thereof.</p> <p>It is unfortunate that those who are expected to build the economy to lift communities out of poverty are not getting the support they need.</p> <p>We would request an audience of an hour in person or virtually to explain the value we believe we can bring to your initiatives.</p>	<i>This cannot be accommodated at this stage. When the elected SP does stakeholder engagement, the company can make a request at that participative stage.</i>
