1.	7000005592		<p>We are preparing a bid in response to the above-referenced tender for videography and photography support to three PtX PPPs (Ref. 7000005592 / G-012446-018) and wish to raise a procedural query ahead of the 22 April 2026 deadline.</p> <p>Section 1.7 of the Terms of Reference requires the submission of video work samples, including five long-form videos (4–5 minutes each), three short-form videos, and three animation videos. Given the file sizes involved, we anticipate that attaching these directly to the submission email may exceed standard email size limits.</p> <p>We would therefore like to ask: is it permissible to submit video work samples via a file transfer service (such as WeTransfer) in lieu of email attachments, provided all files are clearly labelled and submitted within the stated deadline? Alternatively, please advise on GIZ's preferred method for submitting large video files alongside the bid documents.</p> <p>We note that the ToR specifies that external links will not be considered for assessment purposes, and we wish to confirm that a file transfer link used solely as a delivery mechanism for work samples would be treated differently from content links.</p> <p>Thank you for your assistance. We look forward to your guidance.</p>	<p>GIZ's file transfer system Filetransfer (Startseite) shall be used to submit video samples. Please make sure to use the password "Videography_GIZ".</p>
